Scantron Directions for Parents and Students
What is Scantron?

Scantron is a diagnostic test so teachers can know what you already know and what you still need to learn.

*It is critical that you do your best, but do not receive help from outside sources!* (Otherwise, your teachers will think you know how to do things you don’t know how to do yet and you might end up in the wrong group)
If you are using a personal device and not a district issued chromebook, please contact your child’s teacher for directions.
1. Open Chromebook. **Do NOT Login!!!**

2. Ensure you are connected to WiFi
3. Click “Apps” in lower left hand corner
4. Select “PSOT LockDown Browser”
5. Enter Your Site ID Based on Home School. Include the ‘-’ when entering

If you get kicked off...

This is a diagnostic test. It will offer you questions you already know and questions you do not know. Therefore, the test will know if you are guessing and will kick you off.
