Click your student’s name to select different students in the family.

A list of current classes will appear here, along with a note of their overall progress.

Click any class to see a list of the standards and current scores for that class.

Classes with missing work are identified with a clock and a red number icon. Hovering your mouse over this will open a list of all missing work in that class.

Clicking any of the standards will open a list of all scored work that is related to that standard.

Clicking on the icon for an assignment will bring up the student’s view of that work. You can see any directions form the teacher, online work that has been submitted, and their current scores for this assignment.
