

Future Plan

Your child will begin creating his or her Future Plan in 6th grade, and continue to update it all the way through to graduation! Here's a snapshot of what happens at each grade level:

It's the way students learn about who they are, what kind of life they want, and how to get there! The Future Plan helps your child prepare for careers and college.

Creating a Future Plan involves your student and you, along with his or her teachers and counselor.

6th - 8th

Learn about themselves and explore careers

8th

Prepare for high school and begin to choose courses along with career or college goals

9th

In-depth learning about themselves and their career interests

10th

In-depth exploration of options for career and college after high school

11th

Start to form an idea of the pathway that matches his or her career goals and learn how to get there

12th

Putting the plan into action through applications, interviews, resumes

**DREAM DO
PLAN**

Help your child keep all options open!

Good attendance, working hard in school and staying at or above grade level in all classes will help with EVERY career and college goal.

Beginning in 6th grade, talk with your child about his or her Future Plan at the start of each semester.
