March 10, 2020

Dear Westminster Community,

I am writing this message to our Westminster Public Schools families and employees to provide information about the district’s decision to immediately suspend travel, both in state and out of state, for school organized or sponsored student trips and staff professional learning. We are closely monitoring Colorado High School Activities Association (CHSAA) sanctioned activities, along with other school districts.

This is upsetting and disappointing news for many, but out of an abundance of caution and safety for our students and community, we feel this is the appropriate decision. As we try to make clear as often as possible, the health and well-being of our students and staff is always our highest priority.

These travel restrictions are to remain in effect until further notice. It’s my hope to revisit these travel restrictions after Spring Break.

Spring Break for Westminster Public Schools is the week of March 22nd.

If you have travel plans, please remain aware of health advisories and conditions that might impact your plans both to and from your destination. During the break, we will provide regular updates about any changes that would affect operations.

In the meantime, please do not rely on communication that comes from any source other than Westminster Public Schools.

Kindest regards,

Dr. Pamela Swanson
Superintendent of Schools
