CSLA Families,

Today (10/1/20) we were notified that someone in our school has tested positive for COVID-19. The students and staff who were exposed to the individual are being quarantined and are transitioning to our remote learning platform for 14 days. They will return to school on Tuesday, Oct. 13.

The parents of the students who have been exposed have already been notified.

This message is to keep you informed, but no action is required on your part. It is important to remember that students and staff who are quarantined after a school exposure are at low risk of actually contracting the virus.

We have planned for situations such as this and we will continue to provide learning for all of our students.

As always, we appreciate your cooperation. If you have questions, please call the main school office at (303)428-3835.

Thank you,

Camile Carlson

Principal, Colorado Sports Leadership Academy
