October 28, 2020

Hidden Lake High School Families,

Today we were notified that someone in your child’s cohort has tested positive for COVID-19. If you have multiple students with us, please call the office for specifics.

Therefore, your child will need to quarantine and may return to the building on November 9, 2020. During this time, they will be on our remote learning plan. Attached please find the cohort learning plan and teacher contact information.

We have planned for situations such as this and are ready to continue providing learning for your child during quarantine.

As always, thank you for your support and cooperation.

James Steward
