October 5, 2020

Dear Metropolitan Arts Academy Families,

Today we were notified that an additional person at our school has tested positive for COVID-19. The students and staff who were exposed to the individual are being quarantined and are temporarily transitioning to our remote learning platform.

Because of the number of staff members who are now quarantined, we have decided the best use of our educational resources is for the entire school to transition to our remote learning platform until Monday, October 12.

We have planned for situations such as this and we will continue to provide learning for all of our students. Students should begin working remotely using their Chromebooks and follow their classroom and specials teacher zoom links. Teachers will be sending these out again tonight to parents and students via email.

I’m also sending you a short letter with this same information that you can forward to others.

Don’t hesitate to reach out if you have any questions by calling our main line at (303) 428-1884. We will be returning calls starting at 8:00 a.m. tomorrow morning. Please make sure students stay home and are not dropped off tomorrow morning.

Take care and be safe.

Claudette Trujillo

Principal, Metropolitan Arts Academy.
