October 7, 2020

Dear Mesa Families,

Today we were notified that a person at our school has tested positive for COVID19. The students and staff who were exposed to the individual are being quarantined and are temporarily transitioning to our remote learning platform.

Mesa will remain open for in-person learning for all other students. Siblings of those students who are in quarantine will still attend in-person learning, as they were not in direct contact with the impacted individual.

We have planned for situations like this and we will continue to provide learning for all of our students. Students should begin working remotely using their Chromebooks and follow their classroom and specials teacher zoom links. Teachers will be sending these links out tonight to parents and students via email.

It is also important that all of our families monitor the health of all members of their household and make sure that anyone who is feeling ill stays home. If you take your child to get a COVID test, please keep them home until you get the results of that test.

Do not hesitate to reach out if you have any questions by calling our main line at (303)428-2891. We will be returning calls starting at 8:45a.m. tomorrow morning. Please make sure students stay home and are not dropped off tomorrow morning.

Take care,

Janelle Stastny

Mesa Elementary, Principal
